Hoon watch

I LIVE on the straight section of Rockingham Beach Road heading north and for the last 12 months I have seen the street designated 50kmh turning into the Perth Motorplex.

Cars pulling jet skis racing at more than 100kph.

Cars racing down the street overtaking cars doing the speed limit.

Can the council, Main Roads or our local politician do something before someone is killed?

Police do random speed gun checks and catch a few but are not there when the hoons fly past — this is not late at night and happens between 3pm and 8pm.

Please put in roundabouts, speed humps or anything to slow these people down to the speed limit.
